Agenda item 117

IMPROVING THE FINANCIAL SITUATION OF THE UNITED NATIONS

Report of the Secretary-General

Addendum

I. INTRODUCTION

1. The crisis described in my report on the financial situation of the United Nations (A/50/666) continues, notwithstanding the considerable efforts of a number of Member States to pay their prior and current assessed contributions. The present addendum to that report provides updated information to Member States on the current financial situation of the Organization. As at 15 November 1995, unpaid assessed contributions totalled $2.7 billion.

2. On the same date, outstanding contributions to the regular budget stood at $645.5 million, of which $414.4 million, or 64 per cent, related to contributions due from the major contributor. Details are provided in annex I.

3. Contributions outstanding for peace-keeping operations stood at $2,038.1 million, including $92.9 million in respect of assessments issued within the 30-day due period. Of the total past due amount, $817.3 million, or 42 per cent, related to contributions owed by the major contributor. In addition, a total of $10.2 million, or 38.4 per cent of the assessed amount, remained outstanding against assessments issued for the two international tribunals. Details of all outstanding contributions are provided in annex II.

II. CASH FLOW SITUATION

4. Current cash-flow projections show estimated usable cash available to the Organization at the end of 1995 as:

	31 December 1995
	(millions of United States dollars)
General Fund	(225)
Peace-keeping accounts	855
	630

5. These projections reflect in part the positive and welcome response of a number of Member States to the Organization's critical financial situation. None the less, the magnitude of the current financial crisis, in particular the amount borrowed from peace-keeping accounts for the regular budget, is unprecedented.

6. The figure now projected for the General Fund reflects:

(a) A slight revision of projected contributions and expenditures, compared with earlier estimates;

(b) No further receipt of contributions from the major contributor in 1995;

(c) The repayment of advances that were made from the regular budget to the international tribunals pending a decision by the General Assembly on their mode of financing. This repayment follows the transfer to the tribunals of unencumbered balances from the United Nations Protection Force (UNPROFOR) and the United Nations Assistance Mission for Rwanda (UNAMIR), as mandated by General Assembly resolutions 49/242 B and 49/251, respectively.

Revised cash flow projections for the General Fund are provided in annex III.

7. For peace-keeping accounts, revised forecasts reflect higher receipts and lower disbursements, excluding troop reimbursements, than were previously projected. The forecasts take into account the additional payments to troop-contributing countries, to which reference was made in paragraph 40 of document A/50/666. The estimated cash balances of $855 million for the peace-keeping accounts at the end of 1995 do not include the advances to the regular budget from such accounts that will be required for the rest of 1995. They also assume that amounts owed to Member States for troop costs and contingent-owned equipment will reach a level of over $1 billion at the end of 1995, a position that is clearly untenable in the long term.

8. This projected level of cash resources remaining in the peace-keeping accounts will be needed to sustain peace-keeping activities into 1996. Provision must be made for the cash requirements of missions whose mandates have been or are expected to be extended into next year. Such requirements for the first quarter of 1996 are estimated at some $600 million. In addition, a number of missions, including UNPROFOR, UNAMIR and the United Nations Mission in Haiti (UNMIH), have accumulated unencumbered balances totalling $289.2 million. These balances are expected to be credited to Member States, which would reduce the

level of assessments that will be approved and consequently, cash inflows for the next mandate periods.

III. CONCLUSION

9. During this, its fiftieth session, the General Assembly adopted a declaration in which, on behalf of the peoples of the world, it expressed a determination that the United Nations of the future will work with renewed vigour and effectiveness in promoting peace, development, equality and justice and understanding among the peoples of the world. As Secretary-General, I am determined to do my part to meet this challenge. To this end, I have initiated action to improve the efficiency and effectiveness of the Secretariat in carrying out the mandates entrusted to us by Member States and I am committed to continuing this process. Without a similar commitment by Member States to honour, in full and on time, their legal obligation to bear the expenses of the Organization, however, these efforts will be undermined, as will the capacity of the United Nations to meet the challenges set out in the declaration.

Fiftieth session
Agenda item 117

THE FINANCIAL SITUATION OF THE UNITED NATIONS

Report of the Secretary-General

Addendum

I. INTRODUCTION

1. The financial situation of the United Nations, described in my earlier reports (A/50/666 and Add.1 and 2), remains extremely precarious. I am issuing the present addendum, as the General Assembly recesses, in order to provide Member States with the most current information on the financial situation of the Organization.

II. OUTSTANDING CONTRIBUTIONS

2. As at 15 December 1995, unpaid assessed contributions totalled $2.5 billion (see annex). This amount reflects the receipt of some further contributions as well as the decision taken by the General Assembly on 15 December 1995, in resolution 50/83, to accept South Africa's request not to pay its contributions for the period from 30 September 1974 to 23 June 1994. As a result of that decision, the level of outstanding contributions was decreased by $94.8 million, $53.9 million for the regular budget and $40.9 million for peace-keeping operations.

3. Included in the total unpaid assessments of $2.5 billion are outstanding contributions to the regular budget totalling $582.9 million. Of this amount, $414.4 million, or 71 per cent, consists of contributions due from the major contributor. While some payments of regular budget assessments have been received since 15 November, they have not had a significant effect on the total amounts outstanding. Two weeks before the end of the year, only 91 Member States, or less than half of the membership of the Organization, have fully paid their regular budget assessments. At the same time, all but 20 of the remaining Member States owe more than their current year's assessment.

4. Contributions outstanding for peace-keeping operations at 15 December totalled approximately $1.9 billion, of which only $14.9 million related to assessments issued within the 30-day due period. Of the total past-due amount, $811.6 million, or 43 per cent, relates to contributions owed by the major contributor. In addition, a total of just under $10 million, or 37 per cent of the amounts assessed for the two international tribunals, remains unpaid. Details of all outstanding contributions are provided in the annex to the present report.

5. In summary, despite the special efforts made by some Member States during this fiftieth anniversary year of the United Nations, the pattern of payments by most Member States remains highly unsatisfactory.

III. CASH-FLOW SITUATION

6. The pattern of expenditures and contributions received has remained essentially as foreseen in my previous report. At the end of 1995, both the Working Capital Fund and the Special Account will remain completely depleted. To meet the Organization's obligations under the regular budget, it will continue to be necessary to borrow funds from peace-keeping accounts. The total of such borrowings at year-end may be marginally less than originally anticipated, owing to the combined effect of deferring certain expenditures until early 1996 and of cancelling other expenditures through the emergency cash conservation measures.

7. The funds remaining in the various peace-keeping accounts at the end of 1995 will be needed, as indicated in my previous report, to sustain peace-keeping activities into 1996.

8. In this connection, I should emphasize that, although several Member States have made payments against their outstanding peace-keeping assessments in amounts that were greater than had been projected, peace-keeping payments that had been expected in November and December from other Member States have not yet been received.

9. In the light of the present situation, the debts to Member States for troops and equipment are still expected to total about $1 billion at the end of 1995.

IV. CONCLUSION

10. As 1995 draws to a close, the financial situation remains extremely grave. The Organization continues to depend for its survival on those relatively few Member States that meet their legal obligations in full, on time and without conditions. Clearly, these Member States cannot be expected to continue to bear this burden indefinitely when so many others do not. I urge the membership of the United Nations to address this issue with the urgency and importance it deserves.
